At one point in time we thought this was love
And we were meant to be but we were fools in love
And there was nothing I wouldn't do for that love
We found where I was weak was where you were strong
You held me up I helped you along
And we swore there was nothing that could ever stop
that love

Chorus

When I look back there was nothing missing
So I would go looking in before that kissing
Remember the butterflies we would get
The same feeling I felt when we met
Remember we danced that night away
I wanted to dance forever
I didn't want to miss a thing
I,I,I I didn't want to miss a thing
Remember we danced that night away
I would have done anything
I didn't want to miss a thing
I,I,I I did it did it just to be with you

It seems like we forgot somewhere along the line
But we were so caught up it never crossed our mind
And that's when we lost track of what we had in that
love
It didn't take very long and it didn't take much
When it came to us I guess we lost our touch
Before you know it here I am with a song about our love
Chorus

When I look back there was nothing missing
So I would go looking in before that kissing
Remember the butterflies we would get
The same feeling I felt the night we met
Remember we danced that night away
I wanted to dance forever
I didn't want to miss a thing
I,I,I I didn't want to miss a thing
Remember we danced that night away
I would have done anything
I didn't want to miss a thing
I,I,I I did it did it just to be with you

When I look back there was nothing missing
So I would go looking in before that kissing
Remember the butterflies we would get
The same feeling I felt the night met
