It was the last time we went out  
I was rolling down the window  
You said there was no better escape than to be with you

To run away isn't escape  
But baby, what're you running from?  
I've got my hopes set high

Living for so much more  
Going for the encore  
Something that I will say  
Don't give up

Tell me what it's good for  
To run is to ignore  
Something that I will say  
Don't give up

Love when I find you  
Truth when I see you  
Grace when I trust you  
Love in my life

and there is no one else I would rather  
Put all my love, my faith, and my trust in God.

What're you waiting for my love

Don't you know it will be alright, alright  
Let me tell you that there is no better escape  
Than the one I've found

I ran away  
and tried to escape  
But in my pain he was what I found  
I've got my hopes set high

Living for so much more  
Going for the encore  
Something that I will say  
Don't give up

Tell me what it's good for  
To run is to ignore  
Something that I will say  
Don't give up

Love when I find you  
Truth when I see you  
Grace when I trust you  
Love in my life

and there is no one else I would rather  
Put all my love, my faith, and my trust in God.
