I never will  
Aint never gonna  
Stay out with a man like that at all  
I never will  
I never wanna  
I am faithful to him

The way he can caress my body  
I lose my control and let it go (go)  
Let him run the show (show)

Ooooooh  
He pulls me closer  
All that I can do  
Is make sure that I'm breathing  
-CHORUS-  
My man irresistible  
My man know the way to go  
He got he got what I desire  
He got he got my head on fire  
My man intellectual  
My man so seductive (oh)  
All I want and all that I am  
All I want is what I got with my man

The way he wants  
To make an effort  
He got what it takes to handle me  
The way he fronts  
What really matters  
I know this is for real  
The way he talk  
You know that he is

I lose my control and let it go (go)  
Let him run the show (show)

Ooooooh  
He pulls me closer  
All that I can do  
Is make sure that I'm breathing

-CHORUS-

My man irresistible  
My man know the way to go  
He got he got what I desire  
He got he got my head on fire  
My man intellectual  
My man so seductive (oh)  
All I want and all that I am  
All I want is what I got with my man

Ooooooh  
He pulls me closer  
All that I can do  
Is make sure that I'm breathing

-CHORUS-

My man irresistible  
My man know the way to go  
He got he got what I desire  
He got he got my head on fire  
My man intellectual  
My man so seductive (oh)  
All I want and all that I am  
All I want is what I got with my man

Ooooooh what I got with my man
