I've been looking for a place that I know well  
It's a long long way from here and when I get there  
I will tell, I will tell  
I've been looking for a time that I once knew  
I could spend some happy hours just being there with  
you  
It doesn't matter where you go  
As long as there is someone there you know  
So if you need a friend you can depend on me  
'Cause I know what it feels to be alone  
And in the darkest night you need a light to see  
Your shadow's sinking low  
Just like a stone  
Feels like a broken bone  
Guess I'll go on home  
I've been looking for someone I know so well  
She's a long long way from me and when I find her  
I will tell her  
It doesn't matter where she goes  
As long as there is someone there she knows
