I've had some lonely nights
And i'll admit i've cried sometimes cause you were out
of my life
And then you called my name
And you came back again
I feel so inspired
Missin' your desire

Little boy sweet little boy sweet
Sweet little boy of mine
Come a little closer i wanna show you
Whats on my mind

here in the night
here in the night
here in the night
together (tonight together)
i wanna show you, loves so warm and tender

you, you left me with your wing
didnt really mean a thing when you were out of my life
but now that you are near
i see it all so clear
i know if its the right thing
i hear hear thunder and lightning

Little boy sweet little boy sweet
Sweet little boy of mine
Come a little closer i wanna show you
Whats on my mind

here in the night
here in the night
here in the night
together (tonight together)
i wanna show you, loves so warm and tender

all the tears ive cried are gonna end to night,
Oh- yaaa.
when you touch me, its alright.
it makes me love to be older.

Little boy sweet little boy sweet
Sweet little boy of mine
i wanna show you
just Whats on my mind

Ohh here in the night
here in the night
here in the night
together (night together)
i wanna show you, loves so warm and tender

oh baby
Little boy sweet little boy sweet
ooh your so fine
boy of mine
its older its older

here in the night
here in the night
here in the night
together (tonight together)
cmon baby
i need your love
i need your love
Little boy sweet little boy sweet
