Where did you go?
Where have you been?
I need to know. You are my friend.
Did I do something wrong to hurt you?
Left in the dark now I am blind.
Suffering from burn out and brokenness.
Ill go back and retrace my footsteps.
Ill do anything to hear your voice
And see your face again.

I wish we could talk now
Now that it's over.
I see that you moved on
But I need some closure
It's weighing heavy on my chest
It's all that I have left
I know that it's over,
But I need some closure.

It's been a year
Not one call from you
I heard you moved on but what should I do?
See all my friends tell me to let go
But I can't to get you out of my mind
Pacing back and forth just wondering
Why this chapter in my life had a sudden end
But now it's too late to hear your voice and see your
face again.

I wish we could talk now
Now that it's over.
I see that you moved on
But I need some closure
It's weighing heavy on my chest
It's all that I have left
I know that it's over, but I need some closure.

I've tried and I've tried to understand why
Why did she leave like that?
Me not knowing, it makes me feel less of a man
Time and time again, I fought with myself
Thinking that she could be with someone else

The truth is that she's gone.

I wish we could talk now
Now that it's over.
I see that you moved on
But I need some closure
It's weighing heavy on my chest
It's all that I have left
I know that it's over,
But I need some closure.

I wish we could talk now
Now that it's over.
I see that you moved on
But I need some closure
It's weighing heavy on my chest
It's all that I have left
I know that it's over,
But I need some closure.
