your a song baby
eat you like a melody I know

and in the lowest the frequencies and I could hear you
breathing under my skin

I feel this fortune heat that keeps getting louder like a
cancer in side of me
I think i get a more of this liquor to get the
understanding of my mind

so may be we just want it all to get the best thing out of
this oh..
so may be we just start it all
I rewind
you rewind
I rewind

you've got me
hanging upside down strong tied up in a nude
living with the taste of your bottom depth left me on a
illu-u-ssion

you got me handcuff
you left me blindfold yea

just wait i thought i would get out of this gate to get
myself back there to you girl

so may be we just want it all to get the best thing out of
this oh..
so may be we just start it all
I rewind
you rewind
I rewind

you better love me even if i go insane
you better love me even if i go insane yea

I rewind
you rewind
