i call my mom i call my friend  
looking for a reason to go home again  
because you make me feel like i dont belong  
like my hearts too weak and my heads too strong  
oppisites attract sometimes but not the way  
you're attracting mine  
and i cant change the way you are  
even though you think your some kind of rockstar

\*chorus\*

i want you out of my life, my life , my life  
cause your love is cold as ice  
it's time that you hit the door  
i don't want to see you no more (repeat)

you want me to walk like this and talk like that  
dye my hair and don't wear hats  
and dress too sleazy and go too far  
when all i wanna do is play my guitar  
and i don't think that it's fair  
and i don't think that you care about me  
yeah but i see the way it's got to be  
i want you out my life

\*chorus\*

why am i in this alone?  
is my love too much for you?  
what's wrong with home?  
i hope you have found your answer  
because i think that i found mine  
i want you out of my life

\*chorus\* to fade

-song title: "Bye Bye"
