I don't think I wanted to take your time  
I don't think it ever crossed my mind  
That you would be more to me than just a lover  
'Cause I, I was doin' fine on my own  
I wasn't really lonely, just alone  
But at least I knew where I was and what I wanted

But now, I don't know how you got me, babe  
So open wide and I don't know how to tell you, babe  
The way it feels inside, I know I have a feeling  
That you, you could hold me longer, we get stronger  
every day

And I don't know what you've done to me  
I'm so turned around I can barely see  
The way that I'm supposed to be  
I'm so wrapped up in what I think you think of me

I don't know how you got this far  
How am I supposed to live a life?  
Burdened by the thought of you, my love  
How will I ever be alright?

Every time I look into your eyes  
I can feel the pressure start to rise  
Pulling me into you and what you'll show me  
Well I, I believe that love can conquer all  
But is it really love that makes you fall  
Or just the fantasy of understanding

Well I, I don't know how you're gonna save  
The rest of my heart, I don't know how I'd stop you,  
baby  
Or how I'd even start, I know I have a feeling  
That you are something to discover, the lover that you  
are

And I don't know how you got through  
I'm not the kind of girl you're supposed to get to  
I've been hurt before, I don't want it anymore  
I'm safer in my solitude

I don't know how you got this far  
How am I supposed to live a life?  
Burdened by the thought of you, my love  
How will I ever be alright?

I don't know how you got through  
But just like a child I run to you  
And I don't know what else to say  
Nobody soothes me the way that you do

I don't know how you got this far  
How am I supposed to live a life?  
Burdened by the thought of you, my love  
How will I ever be alright?

I don't know how you got this far  
How am I supposed to live a life?  
I don't know how you got this, this far
