When you look at me,
You can tell that I'm wide open
I put aside all my fears,
I want to be ready for anything
Then I lay with you,
And I know that I'm wide open
There isn't a part of me that doesn't want to let you be
my favorite thing

And the view from where you send me
Is so clear, I get so high
I know that you, you can't free me,
But I feel like I could fly

And all my walls are down
'cause my heart is open to the love I'm hoping you'll be
for me
And my pain is hidden by the light you've given to me
Oh so, so free

When I'm here with you,
I can tell that we're wide open
We could be anything,
We don't have to answer to anyone
Can you see the truth?
There's a part of me that's hoping
That I'll never be alone again
That the game could be over,
The search could be done

And you see, when were together,
There's a pull we can't deny
I know that we may not be forever,
But I feel like I could try

And all my walls are down
'cause my heart is open to the love I'm hoping you'll be
for me
And my pain is hidden by the light you've given to me
Oh so, so free

I'll open myself to you completely

'cause I know it's more than right,
I know that you, you can't free me
'cause I feel like I could die

And all my walls are down
'cause my heart is open to the love I'm hoping you'll be
for me
And my pain is hidden by the light you've given to me
Oh so, so free
