I know somebody whose life is tough  
I help a little but it isn't enough  
'Cause I go spent money on stupid stuff  
When I know he's struggling to stay above

And I have so many chances to be  
The hero I believe inside of me  
But I get busy and I get distracted  
And I do nothing when I could have acted

I laid low when I could've stood high  
I said nothing when I should've asked why  
It's all something I might have done and I didn't  
A chance to speak my truth and I held it inside

I'd like to believe I'm cool  
Easy to love and hard to fool  
But I know there's more I could've enjoyed  
Sometimes I find myself thinking  
Maybe I missed the point

So many in times I've turned down love  
Stayed in the dark when I could've lit it up  
But every time I did take a chance  
It makes me happy when I'm looking back

I'm afraid my whole life feels like a joke  
But I've been a master of mirrors and smoke  
And I don't wanna live  
I know I'm worried if I was you

I laid low when I could've stood high  
I said nothing when I should've asked why  
It's all something I might have done and I didn't  
A chance to speak my truth and I held it inside

I'd like to believe I'm cool  
Easy to love and hard to fool  
But I know there's more I could've enjoyed  
Sometimes I find myself thinking  
Maybe I missed the point
