You my love are allowed to forget about the christmas  
you just spent stressed out in your parents house

You my love are allowed to she'd the weight of all the  
years before like bad disco clothes, save them for a  
night of dancing, stoned with you lover

You my love are allowed to let yourself drown every  
night in bottomless wild and naked symbolic dreams

You my love in sleep can unlock your youth and your  
most terrifying magic and dreaming is for the  
courageous

You my love are allowed to grab my guitar and sing me  
idiot love songs if

You lost your ability to speak, keep it down to two  
minutes

You my love are allowed to rot and to die and to live  
again more alive and incandescent than before

You my love are allowed to beat the shit out of your  
television, choke it's thoughts and corrupt it's mind kill  
kill kill the motherfucker before the song of  
zombified pain and panic and malaise and it's narrow  
right winged vision and it's cheap commercial gang  
rate becomes the white noise of the world (turn about is  
fair play)

You my love are allowed to forgive and love your  
television

You my love are allowed to speak in kisses to those  
around you and those up in heaven

You my love are allowed to show your babies how to  
dance full bodied, starry eyed, audacious,  
supernatural and glorified

You my love are allowed to suck in every single

endeavor

You my love are allowed to be soaked like a lovers  
blanket in the New York summertime with the wonder  
of your own special gift

You my love are allowed to receive praise

You my love are allowed to have time

You my love are allowed to understand

You my love are allowed to love

Woman disobey

Little man believe

You my love are a rebellion
