(Van Morrison)

Originally contained in Van Morrison's Astral Weeks

We...

We strolled through fields all wet with rain

And back along the lane again

There in the sunshine

In the sweet summertime

Oh the way that young lovers do

I kissed you on the lips once more

We said goodbye at your front door

There in the nighttime

Love, that's the right time

Oh to feel the way that young lovers do

Then we sat on our own star and dreamed of the way  
that we were and the

Way that we wanted to be

Then we sat on our own star and dreamed of the way  
that I was for you

And that you were for me

And then we long to dance the night away

And turned to each other saying 'I love you, baby I love  
you'

Oh the way that young lovers do

Oh the way...

Oh the way that young lovers do

The way young lovers do

The way young lovers do

The way young lovers do

The way young lovers do

The way young lovers...

Now won't you love me the way young lovers do

Oh won't you love me the way that young lovers do

Oh the way...

Won't you love me the way that young lovers do

It's so close

I can't feel you  
Take your time on my body  
Aren't you weird of going crazy  
Crazy, crazy, crazy, crazy...

And we sat on our own star and dreamed of the way  
that we were and the way  
that we wanted to be  
And we sat on our own star and dreamed of the way  
that I was for you  
and that you were for me  
Oh, baby, babe  
Then we long to dance the night away  
And turned to each other saying 'I love you, baby, I love  
you'  
Oh, yes...

[The following are two verses of Ivo by the Cocteau  
Twins]

Peep hole, Peach blow, Pandora, Pompadour  
Pale leaf, Pink sweet, Persephone

I held her with her looking down  
And I kissed her, with the snow falling down  
There in the street light  
Oh, it was a sweet night  
And the way that young lovers do  
Oh, the way that young lovers do  
Oh the way that young... Oh  
Oh the ways you do, yes it's you... Yes

[The following are some verses of That's all I ask by  
Nina Simone]

Oh, don't try to blow out the sun from me, baby  
Oh, and I'm hopin' for what I know can't be  
All that I ask is for your kiss each day  
And I'll give you love that will never go away  
I'll give you love that will never go away

Oh the way that young lovers do
