Here, We are.
We been here. Yes we have!
Can you tell me, we're okay?
We face to face...
But are we still a hard.
Can you tell me, It's okay?
You can't know what you done!
No you don't know how much I change...
You can stay, you can go.
Still I will never be the same
But I hope that will be okay...
You can't know what you done!
No you don't know how I change...
I know, I was wrong, I'm sorry that I hurt you.
Can you tell me, It's okay?
Here, We are.
We been here. Before...
Can you tell me, It's okay?

You can't know, what you done!
No you don't know how I change.
I know, I was wrong, I'm sorry that I hurt you.
Can you tell me, It's okay?
