Verse 1:

I heard... I, I, I heard...
the early bird is the one that gets the worm, I'm //
fresh out the nest, already taking it worldwide //
(you poor thang!) people compared you to Mr. Curbside
//
and threw your demo out the window as soon as they
heard mine //
those executives and A&R's want that hotness //
ain't got the key to success so they're calling on the
locksmith //
JaeWon is a monster, kind of like the lochness //
used to fly with the luggage, but now I sit in the cockpit
//
and I'm about to have some fun with it - run with it //
hun-gry like a beast. You want it? Then come get it //
Oh, he done did it again now, thinking he's all that //
you should either get with it or forget it and fall back...
//

Chorus:

Bogus bounce, bogus bounce //
everybody's talking gangsta but they ain't really down
//

Verse 2:

From Australia to Asia, Eurrope to the US //
I step into the ring leaving competition toothless //
too fresh, others rappers feeling useless //
walking 'round the house all day in a robe like they're
Hugh Hef //
I know you've heard I murder tracks like it's nuthin' bro
//
now c'mon, let's put the funk back in dysfunctional //
(Aooooow!!!)
I'm a keep going, keep moving like a rebel //
I'm a keep talking trash over groovy instrumentals //
I'm a hell of an eloquent, diligent fella //
with a lyrical sentiment, not necessarily intelligent //
killing the melody, feeling adrenaline filling me //
doing it for the hell of it, giving this business some
elegance //

now I'm a take you back to the basics //
since 1999 I've been working the graveyard //
now watch me turn my biggest interest into a paycheck
//
it's my first release and I just gave this industry a
facelift... //

Bridge:
It's ok... Good times... //
It's ok... Some fun... //

It's ok to have a good time every now and then... //
It's ok to have a little fun from time to time... //
Hahaha... //

Chorus.
