Chorus:

Go Jimmy, Jimmy, go Jimmy, Jimmy go! //  
Go Jimmy, Jimmy, go Jimmy, Jimmy go! //  
That-s what they all say, that's what they all say //  
I swear I hear 'em all yelling out...

Go Jimmy, Jimmy, go Jimmy, Jimmy go! //  
Go Jimmy, Jimmy, go Jimmy, Jimmy go! //  
That-s what they all say, that's what they all say //  
I swear I hear 'em all yelling out...

Verse 1:

Go Jimmy, Jimmy, go Jimmy, Jimmy go! //  
is what my friends told me when I was 11 years old //  
when they told me they knew what I could do with all  
my passion //  
said "Just take it to the studio and you could be the  
baddest" //

started out with M16, had a dream and I found that  
rush //  
hometown didn't get it, nah, didn't think I would  
amount to much //  
and it made me a soldier, got a little older and better  
so I bounced right up //  
legendary Hangover crew, fuck everybody else, 'cause  
nobody put it down like us //

but they all kept hating, just a few could see the talent  
//  
that was cool because that hate was just like fuel to me  
that added //  
to the rush, man, it got me in a mood of wreaking  
havoc //  
so, I just stepped into the fucking booth and went  
bananas //

'cause all I ever wanted was to be a rockstar //  
rolling with my baby while taking over the popcharts //  
saw a shot and I ain't even got to tell you 'bout //  
the rest because you hear 'em all yelling out... //

Chorus.

Verse 2:

You can say what you want, I'm still determined and  
focused //  
and strong enough to carry the entire world on my  
shoulders //  
so when I shoot a glance at you haters in my rear-view  
//  
know that I see your lips moving but I can't hear you //

and I love my hometown, yeah, even if they don't get  
that, dude //  
and they still don't understand, but who the fuck would  
expect them to? //  
no time for the chit-chat, buddy, let me get back to it,  
I'ma lock and load //  
I'ma let one off for the 761, better pour me another for  
that rock'n'roll //

I just put the pedal to the medal and accelerate //  
love life, push it to the limit, living everyday //  
like I got the spirit of a heavyweight //  
here to fuck the game up, there will be no kissing, baby  
- I ain't Lil' Wayne //

I steer this ship now, buddy, forget the rules //  
because when you told me to go and get it, you lit the  
fuse //  
and awoke the monster, so you better just spread the  
news //  
I'm a wandering time-bomb going tic-tic-BOOM... //

Chorus.
