Sun shines on the earth  
Darkest day of death  
Rotting, walking dead  
Search for human flesh  
Few survivors left  
Rats feed on the dead  
Hiding underground  
Can't escape the sound  
Of the undead howls  
Rip apart the corpses  
Tearing out the organs  
Peeling off human skin  
Bloody zombie feasting  
Human's fate is met  
Hordes of living dead  
Come to bring their death  
Massive bloodletting  
Eating, munching skin  
Gory flesh dining  
No more humans left  
Millions of undead  
Now control the earth
