

Mortician "Tenebrae"

Visit "[Tenebrae](#)" on MotoLyrics.com

Brutal killer bringing death
Stabbing hacking cutting flesh
Methods copied from the book
Leaving trails of bloody photos

Entering a world of death
Unsane killer's morbid death lair
Hatched swinging, cracks the head
Taking over killer's death spree

Razor cutting through the soft flesh
Brutal slashing hacking 'till death
Axe swings crashing through the window
Severed arm sprays blood from the stump

Spraying walls a bloody deep red
Hacked up bodies lying in death
Revenge for a past degrading
Killer takes his own life laughing
