Watch me become what I wasn't  
To those who know me so well  
I'll be home forever  
Sorry fellow [unverified]

This is the first time  
That I am dressed to kill someone else  
This is the last time  
I now keep to myself

I take back everything I said  
Because everything feels different  
I've become everything I hate  
But things are getting better

I learn from my mistakes  
Because I have made so many  
Tn this whole new hole a home for me  
In my new city, I'll be stronger

And this is what I made  
This is where I'll stay  
This is what you say  
This is just a phase

And you're changing  
And I'm changing  
Why change things?
