(V. 1)

We get together..
Whenever time permits
Never a question..about where u've been
Wasn't expecting this kinda feeling
But I could change 'em cause I'm just too far in..
Ooohh

*

Spent..thus..the..time
Without thinking of you
Have..out..my..heart
I don't know what to do
And..ur..ne-ver..a-round
When I'm in the mood
I wish I can have you back..
It'l be so so soon
(Chr)
Why U gotta go A.W.O.L
Absent with our love
Cause every time you go A.W.O.L
Ma heart don't give me none..
Of ur touch, of ur kiss..
How u taste, on my lips
(Oohhh)
Why U gotta go A.W.O.LLL
Absent with our love..

(V. 2)

I get exited when I see ur face
Its not too often..within the same place
When we're together..
Nothing's in the waayyy
At the end of the day..
I wanna hear the word u don't ever say
