Uhuh..Uhuh.

(Dominatrix)

(V. 1)

How do you feel about me taking the lead (?)
I'm not gon hurt you
Its just something I wanna see..
Just for the night..yeah

(Dominatrix)

I wanna try something different
U and Me
Your gonna think its off the wall
In a cage tonight..
But I promise u'l like..u'l like
(Chr)
U won't have to say nothing
I'mma be the one making the clause
I'mma make it hurt good
U gon light it up
From the hallway
Welcome to the bedroom
Let me grab my costume
Its about to heat up right now
I got ur handcuffs
So u don't back out
Ur gonna love this
And since I got u here..
There's something that I need to know..
How do u feel 'bout dominatrix (?)

(V. 2)

Don't be acting like u never been teased
Bet u really like it when ur on top of me
I'mma ride..
But its my turn tonight..yeah

I wanna show u something u never seen
Spice it up a little bit
Let's break the routine..
Whadju like (?)

I'mma teach u something new..
Baby..let me take u to school
(Chr)
U won't have to say nothing
I'mma be the one making the clause
I'mma make it hurt good
U gon light it up
From the hallway
Welcome to the bedroom
Let me grab my costume
Its about to heat up right now
I've got ur handcuffs
So u don't back out
Ur gonna love this
And since I got u here..
But there's something that I need to know..
How do u feel 'bout dominatrix (?)
Tonight I'm sticking to u like leather..
Keep ur eyes on the show..
Cos I swear it gets better..
Is there something u wanna see
I'm ur real life fantasy
Uhuh..Uhuh. Uhuh..Uhuh
Wait I'mma tell u what u like
Cos I'm running this tonight
Can u follow my instructions and just hush..
Baby..
(Chr)
U won't have to say nothing
I'mma be the one making the clause
I'mma make it hurt good
U gon light it up
From the hallway
Welcome to the bedroom
Let me grab my costume
Its about to heat up right now
I've got ur handcuffs
So u don't back out
Ur gonna love this
And since I got u here..
There's something that I need to know..
How do u feel 'bout dominatrix (?)
(Instrumental till it fades away)
