(Its that electric)

Can't wait till I get home  
I got a lil something that I have to handle  
Feeling round..U got me blown  
There's something 'bout U..  
U turn me on in ways l..l..l..l..l..I can't explain  
Got my fire lit hotter than a candle stick  
Anticipatin the bed when we take it there  
But until then, I'll just deal with it..  
That electric..  
Sex  
Electric..sex  
Electric  
U don't know what you do to meee  
Sex  
Electric..sex  
Electric  
Its the way ur making me feel like I want  
Electric..

Not moving fast enough  
Hittin' all the spots that I like usual  
Need a lil charge I'm low  
Thoughts aint enough..  
Need U to take me to the t..o..o..op

Imagine that ur here cause it'll take me there
