Chorus

You got me,
I'm daydreaming bout you first thing every morning,
You got me,
Saying your name in my sleep in the night I'm calling,
You got me,
Forgetting everything everyone cos you fill my mind,
You got me,
Wanting to be with you for more than just one night

Verse 1

One week ago,
I didn't know,
You were gonna end up back in my bed,
And usually, I wouldn't be,
Attached enough to get to know,
I don't do love,
It f**ks you up,
Like the way it's messing with my head right now,
But you easily,
Got right through to me,
Now I'm the one chasing you round town

Tell me what to do to get a girl like you,
Teach me how to love you baby,
I don't know how to play this game of love,
No other girl has ever phased me,
Show me what your needs are I'll supply,
The loving you require to take ya high,
Till we hit the top got the view of the world,
And all you gotta do is say you'll be my girl

Chorus

Verse 2

Now every day,
My phone awaits,
A call, a text, a BB from you,
Unusually,

Cos normally,
Girls I hook up with I wouldn't wifey,
But all you gotta say baby is I'm free,
An I'm running right around,
Thought it was wrong,
Relationships were long,
You changed my mind I wanna hold you down

Tell me what to do to get a girl like you,
Teach me how to love you baby,
I don't know how to play this game of love,
No other girl has ever phased me,
Show me what your needs are I'll supply,
The loving you require to take ya high,
Till we hit the top got the view of the world,
And all you gotta do is say you'll be my girl

Chorus

Bridge

How quickly have I changed for you baby,
New lifestyle but I ain't complaining,
Like the way that you be caring for me,
I let you in and now I'm happy,
I never been nobody's guy before,
You got me craving more and more
I wanna be the only man for you
Will you let me make my wish come true

Tell me what to do to get a girl like you,
Teach me how to love you baby,
I don't know how to play this game of love,
No other girl has ever phased me,
Show me what your needs are I'll supply,
The loving you require to take ya high,
Till we hit the top got the view of the world,
And all you gotta do is say you'll be my girl

Chorus
