Buried into obscurity

Ripped off by the the fears of your mind  
Buried without release  
Christ's love brings healing  
False fear erased

Battle of the flesh to overcome your fear  
Believe in release, face your fears and win

Unfulfilled in the call of your life  
No faith in your cause  
Believing the lie that you are not  
Can you ever succeed

Battle of the flesh to overcome your fear  
Believe in release, face your fears and win

Buried into obscurity

Hold your faith power  
Push your fear down

Beating the fears with your faith  
Lifting the holy cause  
God can surely use your life  
When you're bold in heart

Battle of the flesh to overcome your fear  
Believe in release, face your fears and win  
Raised into eternity

Hold your faith power  
Push your fear down

Ripped off by the the fears of your mind  
Buried without release  
Christ's love brings healing  
False fear erased

Battle of the flesh to overcome your fear  
Believe in release, face your fears and win
