### Verse 1

Within the chambers of our minds; exists deceit  
Framework of formed man holds; the choice of life

### Pre-Chorus

Who we are; where we come from;  
Where must we go?  
Tiring questions we all persist to know;  
Do we really know?

### Chorus

Depths to life; grasping to obtain;  
Confused mind, trying to arrange;  
Confused belief, searching for peace;  
A confusion, in what you believe;

### Verse 2

We exist with a longing, for truth  
Something that's tangible in sight,  
Extracted proof

### Pre-Chorus

### Chorus

### Bridge

Ever present need to understand.  
Meaning's brought, Christ has wrought.  
Wiped away by a nail scarred hand.  
Known in our created hearts.  
Our freewill is where change starts.  
Hung from a tree of regret.  
Seek the one that gives dust breath.

### Outlude

Ever-present need to be fulfilled  
Gaining acces to life  
For, our pain Yeshua's blood spilled.
