In the midst of the field of life
We stand in the storms of the dark
Only salvation brings us light
All else is false hope

Raw is the stonewood temple
Stained glass window shining
Raw is the stonewood temple
Light in the midst of dying

Buffet our bodies in the walk of light
Evil cannot break us
We're insured with eternal flame
Save our souls from dying

Raw is the stonewood temple
Stained glass window shining
Raw is the stonewood temple
Light in the midst of dying

Die to rise, arise, survive

In the pain that this life brings
Christ is the only hope
We are but dust form of man
Don't forget eternity

Raw is the stonewood temple
Stained glass window shining
Raw is the stonewood temple
Light in the midst of dying

The light, the light, eternity

We pray the promise of eternal life
We pray the promise of abundance
We pray the claim of three score years
And tend to live our faith out

Raw is the stonewood temple
Stained glass window shining
Raw is the stonewood temple

Light in the midst of dying
