Disease in your life rots your soul
Wretched hinderance to your growth in God
Recycle countless sin, bondage brings
Wretched hinderance to your growth in God
(Chorus)
Look at this young man, look at his face
What's the reason for this change
Revival in his heart
Causes havoc for the devil
The destroyer beholds
The destroyer beholds
Your faith infested by the flesh
Backslidden in your heart you have no time for God
You don't read the word, what's your case
Backslidden in your heart you have no time for God
(Chorus)
Your God calls your name, you've been saved
You won't be tempted beyond your strength
Reach out to his grace, make a change
You won't be tempted beyond your strength
(Chorus)
