Verse 1

Riding free I see the way I feel
Don't touch my soul the day I bow
to your low ways, will be the day I never see.

BRIDGE A

Leave me, in the Name of my Lord

Verse 2

Hoping peace will keep me all the days of my life, I will
bow
only to Christ the real life of my being now.

CHORUS

The True Essence Of Power

The True Essence Of Power

JESUS

Verse 3

Surely goodness and mercy will follow
me all the days of my life
I serve the King, the founder of my soul.

BRIDGE B

With me, always

Jesus, save us

Verse 4

Blackness hates my God, I see
eternal death will come to those who leave the path of
life to
follow with evil ways.

INTERLUDE

What is the path you see
Satans plans you death
to be young, before your time
Hope is what you need
Christ planed your life
to be forever, eternally

Verse 2

CHORUS
