verse 1 when i wake up in the morning and roll over in  
my bed i see that empty spot were you use to lay your  
head i fade a little more as the tears hit the floor  
because your gone because your gone

verse2 skin like the water as clear as it comes with my  
arms held wide open into them i hope she runs so life  
can be content with love again every night i pray to god  
this pain will end

verse3 you were my angel of the roses glowed like  
rubies under stars held the only key that forever locked  
my heart i watched you fade away like the sunset  
faden to the dark

verse4 body like an an angel gone from my arms i  
hope you hear the words i love you but im moven on  
yeah im moven on ill always have a place for you in my  
heart ill always have a place for you in my heart

chorus blue eyes like dimonds hair like the sun while  
you faded in my arms my love just become somthen  
unpredictable im not sure why it clicked with you but it  
did yeah it did were did you go do you know that i still  
love you were did you go you took my heart and ran  
one day i hope that youll come back again one day i  
hope that youll come back again
