when i saw you i swore it was (?)
let me re-do what made you this way
theres a river falling from your eyes down to your lips
how could he treat you like this i never would

cuz if i had you we'd fall in love everyday again
if i had to i'd go every which way i can
if i had you i'd home everynight in bed holding you
tight deep in your arms

your as good as it gets your beautiful smart and sexy
what does he expect from you, you give everything
your as good as it gets
you deserve a diamond ring baby girl it aint a thing
if he doesnt know then i know
your as good as it gets, then i know
your as good as it gets, then i know

i'll love you better then he ever would
its not forever you've already got one foot out the door
what you waiting dont you want to be a guard
baby just know that

cuz if i had you we'd fall in love everyday again
if i had to i'd go every which way i can
if i had you i'd home everynight in bed holding you
tight deep in your arms

your as good as it gets your beautiful smart and sexy
what does he expect from you, you give everything
your as good as it gets
you deserve a diamond ring baby girl it aint a thing
if he doesnt know then i know
your as good as it gets, then i know
your as good as it gets, then i know
when i saw you (when i saw you)
what could he do that made you this way
theres a river falling from your eyes down to your lips
how could he treat you like this i never would

your as good as it gets your beautiful smart and sexy
what does he expect from you, you give everything

your as good as it gets
you deserve a diamond ring baby girl it aint a thing
if he doesnt know then i know
your as good as it gets, then i know
your as good as it gets, then i know

(your as good as it gets)..
