Mos def]

Yeah..

One for the treble, two for the bass

Welcome to the great incredible paper chase

Keep your boots laced if you want to keep pace

Oh no

Niggas ain't scared to hustle

It's been seven days, the same clothes

Ask them originals cause they know

Mos def, nate dogg, and pharoahe

Step away from the mic they too cold

The funk might fracture your nose

[mos def]

Say my name, say my name

Observe how I stake my claim, I independently lay it
down

And played my game, my own two raise my flame

Cause dick ridin ain't my thang

I earned what they said I wouldn't

I got it the way they said I couldn't

But now I'm gettin it and they whole grill is crooked

Mad cause I'm gettin caked out from my bookings

When y'all was askin permission I just stepped up and
took it

What!? the kid's better buy my rookie card now

Cause after this year the price ain't comin down

And if you got a joint bubblin then get money now

Cause in a minute, there's gonna be some real trouble
comin out

Just a warnin, as usual some cats wont heed it

The hard headed always gotta feel it to believe it

It's a shame that jealous gays is too short to see it

But when they face hit the cement, they nod in
agreement

We could play nice and decent, or dirty like the 7-1
precinct

Call it a day or make it a long evenin

You keep on schemin, man give me some more reason

To have the women in your mama's church screamin

"lord jesus!"
Harder than y'all cause I'm smarter than y'all
I know that deep down it's got to be bothering y'all
Pay attention, watch fly gon' get larger than y'all
Put your pride on the rocks, make you swallow it all
The mathematic problem for y'all, it just get harder to
solve
Every day that the saga evolve
The do or die stay rumblin and bumblin hard
And when we move, we ain't got no discussion at all
East coast on your neck and you ain't shruggin it off
Try to bullyfoot and end up stumblin off
I'm daddy brooklyn, y'all niggaz are the sons of new
york
Gettin spanked when there's too much trouble to talk
Respect mine

Oh no
Look at who they let in the back door
From long beach to brooklyn they know
We rock from the east to west coast
Queens salute to pharoahe (you know)
Step away from the mic they too cold
The funk might fracture your nose

Very contagious raps should be trapped in cages
Through stages of wackness, pharoahe's raps are
blazin
And it amazes - me how you claim thug
But go two-ways without skytel pagers
I'm intellectual, pass more essays/ese's
Than motorcade police parades through east I.a.
More beef then deli's, thus what I vent is just
What you lust to vent is irrele'
Huh, hallelujah, pharoahe monch'll do ya
Maintain the same frame of mind - screw ya!
Get the picture, sit ya, seat ya, preacher with scriptures
I'm equipped to rip ya, reach ya
Pharoahe and mos is verbal osmosis
Coast to coast, we boast to be the most explosive here
Ferocious, the lyrical prognosis
The dosage is leavin you mentally unfocused here
Mc's just - come on 'round
You're the next contestants on "catch-a-beat-down"
Don't be hesitant, sound cracks the sediment
It's evident we medicine for your whole town
Sky's the limit, game's infinite when I'm in it
All windows is tinted, how you seein me when I'm in it?
Rap, we got it on lock man, stop that
Put that mic back down, boy, drop that
Pharoahe's flows blows shows like afros

We hate y'all though, that's why nate dogg goes:

-nate dogg:

Oh no

Niggas ain't scared to hustle

It's been seven days, the same clothes

Ask them originals cause they know

Pharoah and mos verbalize most from coast to coast

step away from the mic they

Too cold

The funk might fracture your nose

(2x)

Oh no

Look at who they let in the back door

From long beach to brooklyn they know

We rock from the east to west coast

Queens salute to pharoahe (you know)

Step away from the mic they too cold

The funk might fracture your nose
