A millionaire lookin' for another million dollars  
A poor man lookin' for one  
A chainstore owner lookin' for another store  
A hungry man lookin' for a hamburger bone

(Chorus)

Get it get it get it yeah  
Get get get get get ooh get it get it get it  
Get a piece of the rock

A rock star lookin' for another million seller  
The DJ say you can't have none  
Now go on and play your disco music  
I got to rock 'n roll myself all night long

(Chorus)

Give me a piece of luck  
Give me some peace of mind  
Give me a piece of yours  
Now take a piece of mine

Get it get it get it  
Get a piece of rock  
Get it get it get it  
Get a piece of rock  
Get it

Mary had a little lamb  
With feet just as white as snow  
Everywhere that Mary went  
You know the lamb should 'a go go
