Well my hearts not finished breaking
From the words I heard today
All the things that people talk about
Have made it back my way
And all this talk about you leaving
But not a single word from you
I need to hear it from your lips
That we're really through
'Cause all this hiding of emotion
Is not what we're about
We always said we'd talk things over
But you're leaving me out
I need to hear it from you
I need to hear that you don't love me anymore
I need to know my hearts in pieces on the floor
Don't you play your games with me
There was a time our love was so strong
That I never had a doubt
We always seemed to find a way
To work our problems out
But the word it spread so quickly
And the grapevine's not that kind
All the rumors and the questions why
Are driving me out of mind
So let's handle this the right way
And let's not fool around
Because it's painting me a picture
Of a truth I haven't found
I need to hear it from you
I need to hear that you don't love me anymore
I need to know my hearts in pieces on the floor
Don't you play your games with me
I don't know just what I did to deserve this beating
coming down
I always thought that you and me
Were strong enough to just tear this place down
And still be standing around
I need to hear it from you
I need to hear that you don't love me anymore
I need to know my hearts in pieces on the floor
Don't you play your games with me
