I mean i love my girl and all, there is nothing i wont do
to make her happy

Noo

We got a bond that is so strong, there aint nothing and
no one that can come in between us.

But sometimes its like i loose control of my eyes,
seems like they got a mind of there own and when im
with my girl they roam,
And i don't know what to do.

Everyday its hard for me to focus,
When im with my girl do my best not to show it,
So many pretty pretty girls,
Everywhere how am i to ignore it, they make it hard to
forget.

Don't matter where we are
There's always something there that catches my
attention,
I try to tell myself, that there aint no one else,
That looks better then my girl,
Shes the baddest girl.

But sometimes, its like i loose control of my eyes,
Seems like they got a mind of here own and when im
with my girl they roam,
And i don't know what to do

Everyday its hard for me to focus,
When im with my girl do my best not to show it,
So many pretty pretty girls across the world and i cant
help but notice,
they make it hard to forget.

Wish i could put her in my shoes,
So she could see how tough it is not to break the rules,
So ladies if you got a man,
And you catch him looking at another girl,
Just know that

Everyday its hard for him to focus,
When his with you girl he does his best not to show it,
So many pretty pretty girls across the world,
He don't know how to ignore it,
Babyy

Everyday its hard for me to focus,
When im with my girl i do my best not to show it,
So many pretty pretty girls across the world and i cant
help but notice,
They make it hard to forget.
