London's nice, but its not sunny
The desert's hot 'cauze there's no rain
You can laugh, but its not funny
I've found a place were my heart will stay

Tokyo's fast, but I'm not winded
New York's cash, but that's ok
Italy's a priceless memory
Just go walk the streets of Spain

But I've found
That I left my heart in Scandinavia
Left my heart in Scandinavia
Left my love inside of her arms

Yea, I left my heart in Scandinavia
In Scandinavia

Shweebedebebooboww

Yea, I left my heart
In Scandinavia
