Lord I receive I receive I have been reborn  
An even harder rain is gonna fall  
Lord come reveal come reveal for I have seen the law  
An even harder rain that I recall  
So many fears so many fears  
Love your Sons and Daughters

Lord I can see you're the key all must be reborn  
An even harder rain is gonna fall  
Lord in a deal with the evil and the seed is sewn  
An even harder rain that all recall

Lord I must see I must see you must be the law  
An even harder rain is bound to fall  
Lord you're the seal of the seasons and the deed is  
done  
An even harder rain that all recall

All these things are happening  
All comes down to the state I'm in  
Less I worry about the little things  
Written our dreams like heroin
