Yeah I just want you to know that, you know
You're always on my mind
I was thinking about all those days we had
all those lovely times we spend, you know
This one is for you

[Chorus]

Hold me now
Don't cry, don't say a word
Just hold me now and I
Will know though we're apart
We'll always be together
Forever in love
So what do you say when words are not enough

It's been going down
On a day like this
When you're not around
You're the one I miss

We can spend some times
We can pop some crisps
It's a celebration for you and me (you and me)

[Chorus]

Sometimes an explanation doesn't
Say what it means
But in the bottom of your heart
A true desire reveals
It really likes what it's looking at
Making you feel
Like back in the days
We was keeping it real
I used to hold your hand
Walk in the park
In the dark
Whisper in your ear
I'll always be there
That's why I want you back like that
You're feeling this track

We've been kickin' it for years now
I'm willing you back

[Chorus]

You're the reason of true love
True hugs, true kisses
The desire that makes
A true player switches
From his games
To the morherfuckin' fair play
But ain't no doubt,
I'm kicking that all day
All night, alright
Is that alright with you?
'Cause I just wanna hold you tight

[Chorus]
