I'm thinkin 'bout all the things that you said to me
Realizing that I feel the same way
You're the finest thing everything it's on my mind
I wanna take you, take you away
I'm ready for love, ready for love
Ready for love, ready for love
I'm ready for love, ready for love
Ready for love, ready for love

Just a touch and your smile makes me feel so loved
And the way that you move so amazing
It go on right there, can't compete with your class and
your style
You're amazing
I'm ready for love, ready for love
Ready for love, ready for love
I'm ready for love, ready for love
Ready for love, ready for love

Ain't no girl like you, sticky sticky sticky on my mind like
glue
I know what you heard what they talk about me,
Bla, bla, bla like , that ain't me
I wanna give you all my love and affection
Get you all around the world with ,
I'm a shooting star you should be my queen
You are my addiction you know what I mean

Just a touch and your smile makes me feel so loved
And the way that you move so amazing
It go on right there, can't compete with your class and
your style
You're amazing
I'm ready for love, ready for love
Ready for love, ready for love
I'm ready for love, ready for love
Ready for love, ready for love

Ain't no girl like you, ain't ain't no girl like you
Ain't ain't no girl like you
You're my addiction you know what I mean

I'm ready for love, ready for love
I'm ready for love, ready for love
Ready for love, ready for love
I'm ready for love, ready for love
Ready for love, ready for love
I'm ready for love, ready for love
Ready for love, ready for love
I'm ready for love.
