This one goes out to all the boys & girls who want to  
get laid 2night  
You better do it right and use the right protection

[Chorus:]

I wanna have safe sex tonight, that's just the way I do  
I wanna have safe sex tonight, just between me & you

This is a message to the youngsters & the people out  
there

In this world that we livin' in we better beware  
We need love sex but with protection  
We can take it to the car or the back of the club  
Any place doesn't matter, baby gimme some love  
If you're down with my style we can do it again  
Turn around baby girl, that's how I get in

You remember the time when we got down after the  
club right  
You gave me your phonenumber and I called you right

[Chorus]

I got a story to tell about this lady that wasn't well  
I met her a certain time ago, but which one I can't tell  
Only one thing I remember I was out from smoking  
ganja  
She begged me to take her number after that I was  
mised  
We ended up in my benzy, all I heard was sucky sucky  
sucky sucky sucky just the sound of giving head  
I was like girl whatcha doing, what the hell just keep on  
chewin'  
Chewin' some way and guess what we started screwin'  
And after we was done the misery all begun  
Started asking me this question, so she named up in a  
message  
Some girls are the same think they're players in the  
game  
Representin' in some way, but where the hell they left  
their brain

She made me come come come come & come again  
I love them girls but protection is my thing

[Chorus]

Hey you, don't be silly, put a condom on your willy  
You're so hot hot hot  
Hey you, don't be silly, put a condom on your willy  
You're so hot hot hot

[Chorus]

Me & you, me & you, me & you  
That's what to do  
Me & you, me & you, me & you,  
You're so hot hot hot  
Me & you, me & you  
Safe sex girl, that's the message
