Survivor by Kaye Styles

I'm a survivor (yeah) {so does} but i am familiar
i said it before we head into the wall

Am i supposed to live this life
this life of wondering
who can i trust? Who is a snitch?

That's why, they had to pay the price
What goes around comes around
keeping it real, handle my deal

To what does it run life all the time ?
I need a job to sing along
freedom freedom

I'm a survivor (yeah) {so does} but i am familiar
i said it before we head into the wall

I'm a survivor (yeah) {so does} but i am familiar
i said it before we head into the wall

I'm a survivor (yeah) {so does} but i am familiar
i said it before we head into the wall

Got a gun by my side
shooter finger is heavy
it aint easy to pretend
it's a fakey friend
I'm the chosen one
squished and shine
life is hard it's real
such a struggle
find our way to the knees
stick together
like a needle in a haystack
stormy weather
never blew it up, no
get that cheddar
what i came for..
payback , payback time
