She put her hair in a pony tail.

She put her hair in a pony tail.

She bout a ride.

Up and down.

slip and slide.

want it all night, she will provide.

it's good every time, there's no surprise.

She hella thick, that waist small.

She want the D, play ball.

That hair long, I pull on.

I grab her neck. Full on.

See that ass bounce like a trampoline,

hit it in slow mo, promenthazine

and you taste so good, what's your recipe.

and you keep your shit hella clean.

it's thunderin, lightin. She scratchin she bitin.

that paper plane on my nightstand,

that right there, that's our flight plan.

take off.

Girl I got you climbing up the wall,

cuz you got me standing tall.

i'm here and going all like it's the play offs

your body. your body.

i can hardly help myself, girl, I can't stay off

Girl i know you like it when we're body to body.

if i can say myself, i do agree

uh huh

she tell me that when i put my hands on her body

it feels like its 400 degrees

got my hands on her butt

you know i like to touch

if you realy wanna fuck

you know i really wanna fuck, yeah

girl you know what's up

look down, you got me up.

you already know what it is.

every time she give me a hug, i got my hands on her

but

feelin on her booty.
got my hand on her butt
feelin on her booty

got blue dye, red dye, white dye, thats alright
get to the seat give me all she got
then we barely even made it out the parking lot
who am i to tell her or not
so good make a ni**a wanna tie the knot
pull up to a red light she don't try to stop
she don't even care what you talking about

that my all-star
my po*n star
ri-ride fast, quad car
she grip the wood
uh huh yeah uh huh yeah uh huh

y-y-you the best
she said I'm the best
lay her on the bed she know the rest
i got you baby don't even stress
yeah girl go ahead confess

Girl i know you like it when we're body to body.
if i can say myself, i do agree
uh huh
she tell me that when i put my hands on her body
it feels like its 400 degrees

got my hands on her butt
you know i like to touch
if you really wanna fuck
you know i really wanna fuck, yeah
girl you know what's up
look down, you got me up.
you already know what it is.
every time she give me a hug, i got my hands on her
but

feelin on her booty.
got my hand on her butt
feelin on her booty.
