I've seen you somewhere else before,
Can you help me, I'm lost!
I'm trying to figure out where I know you from
Whether a dream or reality!
Anyway, it was beautiful, it lasted a summer day
My breath is gone, worst...
You can tell me that...
Cause not too long after that it made me...
Holding hands, making plans, meeting friends
We can buy our future, we were destined to make it!
See, life gives us the chance to choose from
And I'm afraid we didn't choose the right one!

Chorus:

I will remember like it was yesterday
Love in September was warm as the summer days
They said they wouldn't make it through the night
All we had to do is hold on for one more night
But we said goodbye to our September.

... Like that picnic in the park and the summer cruise
But I guess that I'll just... right through
When I said I didn't want to... I love you
I did a lot to get you here, but enough to get near,
But I understand, and I know that you're hurt
And I'm feeling like I'm losing my world
I still believe that we can make this work!

Chorus:

I will remember like it was yesterday
Love in September was warm as the summer days
They said they wouldn't make it through the night
All we had to do is hold on for one more night
But we said goodbye to our September.

Don't let it fade away,
If you have it in your heart let it stay!
Even though seasons change,
Just be sure you'll find a way
Cause we belong together,
Lasting through September weather!

Chorus:

We will remember like it was yesterday
Love in September is warm as the summer days
They said they wouldn't make it so let's give it one
more try!
All we had to do is make sure we do right
So we said goodbye!
Love in September, oh,
Do you remember, oh?
