Yeah.

Legs, lips, hips, thighs, ass had me mesmerized.
I never had nothing like that before, I had to get it.
Oh yes I was.

(Motivated by the body.)

Yeah motivated.

Truth be told, she was kind of overrated.
(M M Motivated by the Body.)

Yeah, but I was motivated.

Truth be told, she was kind of overrated.
(I was motivated by the body.)

Ever had somebody, come and steal you heart,
Looking for that little lady,
Lhe come steal the part.
No conversation, no whats my name,
Got me open, damn shame.
All because your beautiful, I tried to make you mine.
Hoping that anything else, will fall out of line.
Listening to my body and, ignoring my mind.
Where we even, compatible.
Its like trying to fit a square, into a circle,
and a circle, into a square.
That kind of thing my cars where into.

Trying to make it work, but it just wont work.
Now where on our way down.

Yeah.

Its like Im looking for something that aint there.
See, I was being shallow, aint that for sure.
Might of won the battle, but we lost the war.

(I was motivated by the body.)

One look at you and you had me.

...

See I was moving to fast.

Moving too fast.

(I was motivated by the body.)

But girl youre bad, you know youre bad.

(I was motivated by the body.)

Legs, lips, hips, thighs, ass had me mesmerized.

(I was motivated by the body.)

I never had nothing like that before, I had to get it.
(M M Motivated by the body.)

You know them eyes get me everytime.
Your lips make me hang onto every line.
Its like I fall in love with every dime.
I do it everytime.
Yeah i need someone thats beautiful, right down to the
soul.
See I made her my girl before I got the chance to know.
And just because it glitters, dont mean that its going to
be gold.

Trying to make it work, but it just wont work.
Now where on our way down.
Yeah.
Its like Im looking for something that aint there.
See, I was being shallow, aint that for sure.
Might of won the battle, but we lost the war.

(I was motivated by the body.)
One look at you and you had me.
See I was moving to fast.
Moving too fast.
(I was motivated by the body.)
But girl youre bad, you know youre bad.
(I was motivated by the body.)
Body, body, body, oh body.
(I was motivated by the body.)
Your body, your body.
Your body, your body, your body, your body.
(M M Motivated by the body.)
I capture her body, I control her mind.
She the life of the party, Shes so damn fine.
From across the room, we make eyecontact.
Call it eyecheck, I put her in the crib, Im mac.
Know that sex was good, very good.
I lay her down to slik, shes cherrywood.
California kingbed where we lay, everynight we where
you skiing for our PJ's.

We have a fight, have a drink, have some sex,
we have some things that we need to adress,
like is it all physical girl, I guess.
Ok yes.
But she was still my favourite.
Ill tell you one thing that answeres how you motivate it.

(I was motivated by the body.)
One look at you and you had me.
(I was gone, so gone.)

But I was moving to fast.
Moving too fast.
(I was motivated by the body.)
But girl youre bad, you know youre bad.
(I was motivated by the body.)
Body, body, body, oh body.
(I was motivated by the body.)
Your body, your body.
Your body, your body, your body, your body.
(M M Motivated by the body.)
Your body, your body
Your body, your body, your body.
(Motivated by the body.)
