Yeah,
Legs, lips, hips, thigh's, ass had me mesmerized,
I never had nothin like that before I had to get it oh yes
I was (motivated by the body)
Yeah, motivated.
Truth be told she was kinda overrated (motivated by
the body) but I was motivated.
Truth be told she was kinda overrated (I was motivated
by the body.)

(Verse1)
Never had somebody, come and steal your heart.
Looking for that needed lady, she come and steal the
part.
No conversation, know what's my name.
Got me open, damn shame.
All because you're beautiful I tried to make you mine.
Hoping that everything else would fall out in line.
Listening to my body and ignoring my mind.
Worry if I'm compatible.
It's like trying to fit a square in to a circle, or a circle in
to a square.
That kinda thing might cause wear and tear.
Trying to make it work but it just won't work, now were
on the way down.
Yeah, it's like I'm looking for something that ain't there.
See, I was being shallow ain't that for sure
Might have won the battle but we lost the war.

(Chorus)
I was motivated by the body
One look at you and you had me (Gone.....Gone.....)
See i was moving too fast, moving too fast.
I was motivated by the body.
But girl you bad, you know you bad.
I was motivated by the body. (Body)
(Legs, lips, hips, thighs, ass had me mesmerized)
I was motivated by the body.
(I never had nothing like that before I had to get it oh
yes I was)
Motivated by the body.

(Verse 2)

You know them eyes get me every time.
Your lips make me hang on to every line.
Its like I fall in love with every dime.
I do it every time.
Yeah I need someone who's beautiful, right down to the
soul.
See I made her my girl before, I got the chance to
know.
And just because it glitters don't mean that it's gon be
gold.
Tryna make it work but it just won't work, now we're on
our way down.
Yeah it's like I'm looking for something that ain't there.
See, I was being shallow ain't that for sure,
Might have won the battle but we lost the war.

(Chorus)

I was motivated by the body
One look at you and you had me (Gone.....Gone.....)
See I was moving too fast, moving too fast.
I was motivated by the body.
But girl you bad, you know you bad.
I was motivated by the body. (Body)
(Body, body, body, your body, I was motivated by the
body)
(Your body your body)
(Your body, your body, your body, your body)
Motivated by the body.

(Hook)

I capture her body, I control her mind.
She life of the party, she so damn fine.
From across the room, we make eye contact.
Call it "iChat", I put it in the crib "iMac".
Know that sex was good, very good.
I lay her down, silk sheets, cherry wood.
California king bed where we lay,
Every night we where our skin for our PJ's.
Uh, we have a fight, have a drink, have some sex,
We have some things that we need to address like,
Is it off? Is it cold? Girl I guess..
Okay yes, but you are still my favorite.
I'll tell you one thing, that ass -a have you motivated.

(Chorus)

I was motivated by the body
One look at you and you had me (Gone.....Gone.....)
But I was moving too fast, moving too fast.
I was motivated by the body.
But girl you bad, you know you bad.
I was motivated by the body. (Body)

(Body, body, body, your body, I was motivated by the
body)
(Your body, your body)
(Your body, your body, your body, your body)
Motivated by the body.
(Your body your body)
(Your body, your body, your body, motivated by the
body)
Oh I... Oh I...
