She put her tail in the pony tail....

Verse 1

She put her tail in the pony tail she is about to ride,
Up and down slip and slide,
Want it all night she will provide,
it's good every time ain't no surprise,
She hella thick but that waiste small,
She want's that "d" play-ball,
That hair long, I pull on,
I grab her neck and fool on,

See that ass bounce like a trampoline,
Hit it in slomo, poem at the scene,
And you taste so good what's your recepy,
And you keep your shit hella clean,

It's thundering, lightning,
She scratching, she bitting,
That paper plane on my nightstand,
That right there is our flight plan,

And I took off.....

Girl I got you climbing at the wall,
Because you got me standing tall,
Come on here, I'm going all like it's the play-offs,
Your body, your body,
I can hardly help myself girl I can't stay off,

Chorus

Girl I know you like it when we're body 2 body,
If I could sign myself I do agree, (uh-huh),
She tell me and I putt my hands on her body,
It feels like it's for her third degrees,

Got my hands on her butt,
You know I like to touch,
Make you really wanna f*ck,
You know I really wanna f*ck,
Girl you know what's up,
Look down you got me up,

You already know what it is,
Everytime she gives me a hug, I got my hands on her
butt,

Eh, eh, feeling on her booty,
Got my hand on her butt,
Feeling on her booty,

Verse 2

We got blue eyed, red eyed, white eyed, that's a rap,
Get tipsy give me all she got,
We barely even made it out the parkinglot,
Who am I to tell her not,
So good makes a n*gger want to tied a knot,
Put her though a red light she ain't even try to stop,
She don't even care what she talked about,

That's my allstar, my pornstar,
Ride ride fast, foreign car,
She gribbed the wood, uhu,
Yeah uhu, yeah uhu,

You you the best, she like I'm the best,
Like on the bed, she knows the rest,
I got you baby don't even stress,
Yeah girl, come here and fetch,

Chorus

Girl I know you like it when we're body 2 body,
If I could sign myself I do agree, (uh-huh),
She tell me and I putt my hands on her body,
It feels like it's for her third degrees,

Got my hands on her butt,
You know I like to touch,
Make you really wanna f*ck,
You know I really wanna f*ck,
Girl you know what's up,
Look down you got me up,

You already know what it is,
Everytime she gives me a hug, I got my hands on her
butt,

Eh, eh, feeling on her booty,
Got my hand on her butt,
Feeling on her booty.....
