Man this girl crazy, she swear that I love her  
I don't leave her money and I burn that like rubber  
You watch your mind brain like no other  
You come to the crib late night but can't take it no  
further  
She like what's that? That's really v  
Usually I be sipping on hennesy  
Usually, your home girls be feeling me  
Good thing she go both ways, so it's going smooth,  
Kenny g  
Fuck her without my chains on, right now I'm mister t  
Baby turn them lights off, I'm ... like tatty p  
Cake, cake, cake all in my face, she got more buns  
than ...lee  
No matter how you slice it up, pussy ain't never free

[Chorus]

Girl you look good when you walk,  
Say you like it deep, but I bet you all talk  
What you gonna do when I put it in your back  
Say you wanna do it all night, all day  
I'm like ready, set go, oh, oh, whoa, oh  
I'm like ready, set, go, oh, oh whoa,

...when she walking by, hit it on the middle, that's a  
rbi  
Good starring 5, still use my bench, fucked her on the  
perie, excuse my French  
Back and forth, forth and back, come then I gotta run,  
lord of track  
Racked up, I don't gotta force the fact, beat it up  
good, but she want more than that  
She want shoes and bags, Gucci tags, same way I  
found y'all loose your eyes  
Then I be moving fast, sneakers on the pedal talking  
money to my foreign  
Speaking of the devil I'm big balling, paper blowing  
Bitches calling, they be knowing, I beat the pussy, keep  
it gushy  
Got a few tricks I could teach you rookie  
I take em in, back to back, break em in, catch a nap

All I do is fuck, smoke kush and rap  
And love a broad like a stack, back to rap

[Chorus]

Girl you look good when you walk,  
Say you like it deep, but I bet you all talk  
What you gonna do when I put it in your back  
Say you wanna do it all night, all day  
IÂ'm like ready, set go, oh, oh, whoa, oh  
IÂ'm like ready, set, go, oh, oh whoa,

Think IÂ'm gonna do it, better knock it off  
Or IÂ'll beat it so bad youÂ'll have to walk it off  
Grab that rose bottle right there,  
Baby come and top me off, and go dumb  
Girl you know exactly what I want

[Chorus]

Girl you look good when you walk,  
Say you like it deep, but I bet you all talk  
What you gonna do when I put it in your back  
Say you wanna do it all night, all day  
IÂ'm like ready, set go, oh, oh, whoa, oh  
IÂ'm like ready, set, go, oh, oh whoa.
