It's a lot of pretty ladies on stage tonight
It's a special occasion tonight yeah
Looks like I'm in the right place tonight
And I see one that I'd like
She right, she got it all
And it look like she got her jeans painted on
From me you can get every single thing you want
Showing off your body girl
You better take it easy
Before they see me staring at you, believe me

No no no
They don't make 'em like this no more
From your head down to the floor
You got it all
No flaws involved
Ain't nothing that you missing
No no no
They don't make 'em like this no more
From your head down to the floor
You got it all
No flaws involved
Ain't nothing that you missing

If I had to say I love 'em this way
Pretty girl with her hair half chopped off
She got it going on
Not just in my eyes babe
You know you're a crowd favourite baby
But I seen her first
Don't cash it up
Cause I will make it work
I'm coming on strong
Girl this is your song
Go ahead sing along

No no no
They don't make 'em like this no more
From your head down to the floor
You got it all
No flaws involved

Ain't nothing that you missing
No no no
They don't make 'em like this no more
From your head down to the floor
You got it all
No flaws involved
Ain't nothing that you missing

No no no
They don't make 'em like this no more
From your head down to the floor
You got it all
No flaws involved
Ain't nothing that you missing
No no no
They don't make 'em like this no more
From your head down to the floor
You got it all
No flaws involved
Ain't nothing that you missing
