You blow my mind, I think about you all the time
You're so fine, feel so fine
You blow my mind, I think about you all the time
You're so fine, fell so fine, yeah, we're going down
Uh, we're going down, yeah, going down, yeah we're
going down
And begin this record books of love

I'm so in love, and when a push comes to shove I'm
glad to know that you are too
You have my heart, and I knew right from the start I'm
lucky to have found you
Some people wait for a lifetime to find true love
Oh we already have each other so let's live it up
Oh baby what we have is rare, is one in a million, I don't
think no one compares
To the loving that you giving so we going down
Yeah we're going down, down, down, and begin this
record book of love
We going, yeah, we going down, down, down and
begin... this book of love,

Yeah, you blow my mind, I think about you all the time
You're so fine, feel so fine
You blow my mind, I think about you all the time
You're so fine, feel so fine
It feels so good... one that could relay to everything I
do
And I can't picture myself being with no one but you,
with you

Some people wait for a lifetime to find true love
Oh we already have each other so let's live it up
Oh baby what we have is rare, is one in a million, I don't
think no one compares
To the loving that you giving so we good when
Yeah we're going down, down, down, and begin this
record book of love
We going, yeah, we going down, down, down and
begin this record book of love,

Yeah, you blow my mind, I think about you all the time
You're so fine, feel so fine
You blow my mind, I think about you all the time
You're so fine, feel so fine

Yeah we're going down, down, down,
Yeah we're going down, down, down,
So we going, yeah we going down, down, down and
begin this record book of love
We going, yeah, we going down, down, down and
begin this record book of love
We going, yeah, and begin this record book of love
Yeah, you blow my mind, I think about you all the time
You're so fine, yeah.
