CHORUS (Jasmine V):

I was running, running
Looking for somebody, but I always end up with
Nothing, nothing
Just a matter of time and I knew my prince was
Coming, coming
Now I know I found you
Cause you had me at
Hello, hello, hello uhhh

VERSE 1 (Krys Ivory):

Tryna follow rules but
I don't know the protocol
Should I make this *cool* or
Are you even interested at all
Am I right
Am I wrong
If my antics are honest*
Then welcome to my heart

I was tryna fill this empty space
Looking for someone
Who could take this pain away
And since I now end up feeling lonely
And then I met you, then I met you

CHORUS (Jasmine V):

I was running, running
Looking for somebody, but I always end up with
Nothing, nothing
Just a matter of time and I knew my prince was
Coming, coming
Now I know I found you
Cause you had me at
Hello, hello, hello uhhh

VERSE 2 (Julz West):

Baby girl

This was just was fate
Had you in my sights
Couldn't let you escape
Why should I be you prince
When I could be your king
Just seeing your smile
Is enough to make me wanna sing

Cause I like how you're staying
Like whatcha sayin'
You should get with me girl

nah I ain't playin'
I can set you free
Shawty you should let it be

When I saw you first
I was like I gotta date her
It's about time that I put pen to paper
The moment is now and it's now or never
If I make the first move we can dance forever

I feel so good around you
So hood around you
Searched so long
And now I found you
I can't let go
Cause baby girl you had me at hello, hello oooh

CHORUS (Jasmine V):

I was running, running
Looking for somebody, but I always end up with
Nothing, nothing
Just a matter of time and I knew my prince was
Coming, coming
Now I know I found you
Cause you had me at
Hello, hello, hello uh-huh

BRIDGE (Krys Ivory):

And the stars must travel on
At my lucky chance at love
If I met you at this moment
This must be the right time now
Looking in your eyes
Looking in your eyes I said
Welcome to my heart
Oooh I was running

CHORUS (Jasmine V):

I was running, running
Looking for somebody, but I always end up with
Nothing, nothing
Just a matter of time and I knew my prince was
Coming, coming
Now I know I found you
Cause you had me at
Hello, hello, hello uhhh
