Hurts

I know, Iâ€™m not making this easy on you
I know, you gotta deal with yourself somehow
Often times I curse the day that I met you
Giving me so much that I cant have
Iâ€™m entitled to act selfish today
Cos Iâ€™ve given it all away

Chrs:

And it hurts to know that Iâ€™m not on your mind
And it hurts to know that Iâ€™m not worth your time
And it hurts to know that Iâ€™m not what you need
Cos I gave it all I had, to you

Now I return to to the Abyss that I came from
Though its dark and cold in here, Iâ€™m still me
And atleast I know whatâ€™s coming my way
Be it good or bad, itâ€™s a better chance

Chrs
